FOR EVERY TUTOR, EVERY DAY

Before, during, after

Your scholars count on you showing up and your data showing what happened. Three habits keep both on track.

1 Before

10 MINUTES AHEAD

- Open Pearl: check today's schedule and roster.
- Lesson plan ready for every group.
- Room confirmed. If not, tell your Site Leader now.
- **Running late or out? Text your Site Leader before the session, not after.**

2 During

IN THE SESSION

- Start on time. Collect scholars if needed.
- Mark attendance as scholars arrive.
- Note anything that blocks learning: behavior, room, roster.

3 After

BEFORE YOU LEAVE THE BUILDING

- **Close every session:** attendance, missed reason, and survey.
- Never leave a missed reason blank.
- Comment for admin if anything needs follow-up.
- Tell your Site Leader about any roadblock today.

Nobody leaves the building with an open session.

Which missed reason do I pick?

Whole group can't meet (assembly, event, schedule change, half day)	**Tell your Site Leader right away. They cancel it in Pearl with the reason.**
Teacher keeps the scholar in class	**Classroom Teacher Requested to Keep Scholar in Class**
Known absent from school	**Absent (from school)**
Scholar is there but refuses	**Scholar declined attending tutoring session**
Scholar leaves partway	**Scholar Left Early**
Not sure why	**Scholar Unavailable; Out of the Classroom. Don't guess.**

Learn the real reason later? Update it in Pearl. Surveys can be added for 7 days after the session.

TELL YOUR SITE LEADER

Right away: you're late or out · the whole group is gone · no room · any worry about a scholar's safety or wellbeing

Same day: behavior that stops learning · roster or Pearl problems · something a scholar said that worries you

Always to your Site Leader, not to school administration. They'll get it to the right person.
